PHLP has developed model agreements for four general categories of joint use. The models are designed to serve as templates for communities to tailor in developing their own agreement.

1. Unlocking the Gates: Allowing public access to outdoor school facilities during non-school hours

2. Indoor and Outdoor Access: Allowing public access to indoor and outdoor school facilities during non-school hours

3. Nonprofit Partnerships: Allowing “third-party” organizations (such as YMCAs or Boys & Girls Clubs) to use indoor and outdoor facilities after school hours to operate programs

4. Reciprocal Access: Allowing schools and other public and/or nonprofit organizations to have reciprocal access to each other’s facilities

Each template is also available (as a Word document) at www.phlpnet.org/childhood-obesity/products/nplan-joint-use-agreements.
Joint Use Agreement 1: Unlocking the Gates

Allowing Public Access to Outdoor School Facilities During Non-School Hours

Joint Use Agreement 1 is the simplest of the model joint use agreements. It is an agreement between the school district and the local city, town, or county government (referred to generically as “City”), in which the school district agrees to allow the local government to open for community use designated school district outdoor recreation facilities, such as playgrounds, blacktop areas, and playing fields during time, such as weekends and holidays, when the district is not using the facilities.

To implement an effective agreement, the parties must designate the specific recreation facilities to be opened to use and address access, security, maintenance, custodial services, and repairs or restitution. In addition, the agreement should contain a procedure for resolving disputes and an allocation of costs, risks and insurance.

The model agreement provides comments explaining the different provisions in the agreement. The language in the agreement written in italics provides different options or explains the type of information that needs to be inserted in the blank spaces in the agreement.

PHLP has developed model language for joint use agreements allowing public access to outdoor school facilities during non-school hours. You can download an editable version from www.phlpnet.org/childhood-obesity/products/nplan-joint-use-agreements.

Joint Use Agreement 3 is a model agreement between the school district and the local city, town, or county government (referred to generically as “City”), in which the school district agrees to allow the local government to open for community use designated school district indoor and outdoor recreation facilities, such as gymnasiums, playgrounds, blacktop areas, and playing fields during time, such as weekends and holidays, when the district is not using the facilities. It also allows for third parties, such as youth organizations or youth sports leagues, to operate recreation programs using school facilities.

To implement an effective agreement, the parties must designate the specific recreation facilities to be opened to use and address access, security, supervision, maintenance, custodial services, and repairs or restitution. In addition, the agreement should contain a procedure for resolving disputes, a mechanism for scheduling use of the facilities, and an allocation of costs, risks, and insurance.

The model agreement assumes the district has existing policies and procedures regulating third party use of district facilities that address access, fees, insurance requirements, and use of facilities. The agreement requires that third party users comply with those existing policies and procedures. If the district does not have existing policies addressing the requirements for

Joint Use Agreement 4: Reciprocal Access

Allowing Schools and Other Public and/or Nonprofit Organizations to Have Reciprocal Access to Each Other’s Facilities

Joint Use Agreement 4 is a model agreement between the school district and the local city, town, or county government, in which the school district and local government agree to open all or designated recreational facilities to each other for community and school use. Thus, the school district agrees to allow the local government to open for community use designated school district indoor and outdoor recreation facilities, such as gymnasiums, playgrounds, blacktop areas, and playing fields during time, such as weekends and holidays, when the district is not using the facilities. It also allows for third parties, such as youth organizations or youth sports leagues, to operate recreation programs using school facilities. In turn, the local governmental entity opens its facilities for district use.

To implement an effective agreement, the parties must designate the specific recreation facilities to be opened to use and address access, security, supervision, maintenance, custodial services, and repairs or restitution. In addition, the Agreement should contain a procedure for resolving disputes, a mechanism for scheduling use of the facilities, and an allocation of costs, risks, and insurance.

The model agreement assumes the district has existing policies and procedures regulating third-party use of district facilities that address access, fees, insurance requirements, and use of facilities. The agreement requires that third-party users comply with those

existing policies and procedures. If the district does not have existing policies addressing the requirements for third-party use, the district or the district and city together will need to enact those policies and procedures.

The model agreement provides comments explaining the different provisions in the agreement. The language written in *italics* provides different options or explains the type of information that needs to be inserted in the blank spaces in the agreement.

Both the City and District may have other laws, regulations, or policies that establish procedures for third party access by permit or other procedure. It is important to ensure that this Agreement conforms to those local laws or regulations or to amend those laws and regulations so that the priorities and procedures established in the Agreement are consistent with the laws and regulations.

[Optional: Enumerate applicable state law here.] In the case of a conflict between the terms of this Agreement and the requirements of state law, the state law shall govern. Scheduling Use of Property:
Depending upon the size of the District and City and the number of properties and potential users involved, the arrangements may require a great deal of planning and specificity. The parties may wish to include the general practice and procedures in the Agreement and elaborate more specifically in an attached exhibit or other document. Before entering into the Agreement, the District and City will have developed a process for scheduling properties. The Agreement will address how to continue and/or change the procedures for the subsequent term of the Agreement. Generally, the City and District develop a master schedule establishing District and City use of facilities. Although each party could require the other to apply for use just as a third party would, the purpose of the Agreement is to facilitate use so that the parties need not do that for each use of property. Then, the parties need to allocate use of the facilities to third parties. The primary ways to schedule third-party use is to have the City schedule third-party use of all facilities or to have each Owner schedule third-party use of its own facilities.
